

REFERENCES

Note:

These references, below, are only applicable to the on-line version of this newsletter and are not necessarily applicable to the printed version that was mailed via the US Postal Service.

Therefore, please download and print *today*, along with these references, the July-August-September, 2009, issue of this newsletter found at the following site: www.myendosite.com/htmlsite/2009/ss1.pdf.

Doing so will ensure – in addition to your receiving the two important box articles on the supplemental pages **18S₁** and **18S₂**, that are only available in this on-line version – that these references, below, are correct.

The **references** listed below refer to the numerical superscripts included in the July-August-September, 2009, issue of The Q-Net Monthly.
